

**ECON S-1901. Managerial Accounting (CRN: 30073)**

*Lynn W. Marples MBA, Lecturer on Accounting, Northeastern University*

This course introduces the principles and methods of data collection and presentation for planning and control, performance evaluation, and management decision making. It emphasizes product costing (both traditional and activity based), cost-volume profit analysis, operating and capital budgeting, evaluation of business operating segments, transfer pricing, and relevant costs for decision making.
